Fall 2020

COVID-19 closed nearly every
school in March 2020

COVID-19 developed into a global pandemic

A photograph of two children, a boy and a girl, laughing and playing with a large pile of dandelion seeds. The boy is on the left, wearing a grey jacket and patterned pants. The girl is on the right, wearing a dark t-shirt and jeans. They are both holding handfuls of seeds, and many seeds are floating in the air around them. In the background, there is a red anchor decoration on a wall. The text "While kids were celebrating a long summer, parents and educators were curious about how COVID-19 would impact children?" is overlaid in white on the image.

While kids were celebrating a long summer,
parents and educators were curious about
how COVID-19 would impact children?
